

CLINICAL EPIDEMIOLOGY

MASTERS IN **CLINICAL EPIDEMIOLOGY**
GRADUATE DIPLOMA IN **CLINICAL EPIDEMIOLOGY**
GRADUATE CERTIFICATE IN **CLINICAL EPIDEMIOLOGY**

This program provides graduates with an advanced understanding of epidemiological concepts, and knowledge of the application of methods in biostatistics, social sciences and economics in a variety of health settings. The program has a public health focus. Additionally, there is the opportunity to develop a focus in one or more of the course areas of clinical epidemiology, molecular and genetic epidemiology, pharmacoepidemiology, communicable disease epidemiology, nutritional epidemiology or biostatistics.

The Masters program provides graduates with a strong research capacity and understanding.
